COMPANY OVERVIEW

A premier partner in premium seafood

ALPINE FSCT LLC is a premier international trading company strategically headquartered in Sharjah Media City (Shams), UAE, specializing in the global sourcing and distribution of high-end frozen seafood. Operating at the intersection of European, African, and South American fishing traditions, the company bridges the gap between global premium ocean resources and the demanding markets of the Middle East and Asia.

Driven by rigorous quality control, deep maritime expertise, and full supply chain transparency, ALPINE FSCT LLC has established itself as a reliable, agile partner for Tier-1 distributors, upscale hospitality groups, and major international wholesalers.

01

Rigorous Quality Control

Strict standards applied from the moment of catch through to final delivery.

02

Deep Maritime Expertise

Direct control and strategic partnerships across the world's most fertile fishing grounds.

03

Full Supply Chain Transparency

Complete visibility across every stage of sourcing, freezing and logistics.

PRODUCT PORTFOLIO

The finest delicacies of the ocean

Sustainably caught and instantly frozen at sea to lock in pristine freshness.

OUR FLAGSHIP PRODUCT

TARGET MARKETS

Leveraging our strategic hub in the Middle East, our distribution network serves elite global markets.

CORE PRIMARY MARKET

Gulf Region

Supplying premium hospitality, luxury tourism, and wholesale sectors across all Gulf countries.

EXPANDING FOOTPRINT

Asia

Rapidly expanding footprint across high-demand retail and premium culinary networks.

SUPPLY CAPACITY & SUSTAINABILITY

01

Direct Source Control

Unlike traditional brokers, we secure supply through a dedicated vessel under direct contract, fishing exclusively for ALPINE FSCT LLC and covering our full range except octopus. Continuous supply, strict quality control from the catch, and ethical harvesting.

02

Unbroken Cold Chain

From high-seas freezing to final delivery across the Gulf Region and Asia, our operations utilize advanced logistics infrastructure to maintain an uninterrupted sub-zero temperature environment.

03

Volume Flexibility

Scalable supply solutions capable of accommodating both targeted premium air-freight shipments and high-volume ocean container deliveries (FCL).

IN-COUNTRY STOCK

Stock Available in UAE

Continuous stock of **Scarlet Shrimp** (Camarão Carabineiro) held in our temperature-controlled warehouse in the UAE.
